Objective

I aspire for a job as a senior UI/UX designer in a digital media based company where I can provide professional inspiring designs with a commitment and time efficiency for the over all development and expansion of the institution.

Profile

I'm a professional UI/UX designer, over 6 years of work experience. My focus is to produce design solutions in a perfect way through the whole process to create something clear, simple and unique. I believe that design should be easy, both by concept and production because it leads to a good visual communication. My approach is simple. I'm obligated to make a smile on my client's face and help them to be proud of their product or service. This is an essential role for me as a designer.
